Cost-effectiveness of tiotropium versus salmeterol: the POET-COPD trial

Table A1: German unit costs POET-COPD trial (2010, €)

Type of care	Unit		SHI perspective	Societal perspective*
Study medication [1]	Tiotropium HandiHaler	Day 1-30	1.73/day	2.31/day
		Day 31-365	1.58/day	1.99/day
	Salmeterol	Day 1-365	1.01/day	1.15/day
	Tiotropium Respimat	Day 1-30	1.75/day	2.29/day
		Day 31-365	1.62/day	2.03/day
Hospitalization [2,3]	Not ICU	1 day	1041.93	SHI perspective + €10 per day with a maximum of €280 per year
		2 days	1802.02	
		3-17 days	2562.11	
		18 days or longer	2562.11 + (number of days -17) *191.56	
	ICU	3-17 days	3017.62	SHI perspective + €10 per day with a maximum of €280 per year ¹
	18 days or longer	3017.62 + (number of days -17) *191.56		
Emergency Room without hospitalization [4]		Visit	15,58 per quarter Each additional visit 10.83	15,58 per quarter Each additional visit 10.83
Ambulance [5]		Ride	397.36	404.85
General Practitioner [4]	Visit to practice	<60 yr	31.50 per quarter	41.50 per quarter
		>=60 yr	35.70 per quarter	45.70 per quarter
	Home visit		21.75 per visit	21.75 per visit
Specialists [4]				
Lung physician	Visit	<60 yr	19.95 per quarter	29.95 per quarter
		>=60 yr	20.83 per quarter	30.83 per quarter
	Home visit		21.75 per visit	21.75 per visit
Cardiologist	Visit	<60 yr	20.48 per quarter	30.48 per quarter
		>=60 yr	21.18 per quarter	31.18 per quarter
	Home visit		21.75 per visit	21.75 per visit
Internist	Visit	<60 yr	19.95 per quarter	29.95 per quarter

		>=60 yr	21.35 per quarter	31.35 per quarter
	Home visit		21.75 per visit	21.75 per visit
Table 1 continued				
Type of care			SHI perspective	Societal perspective
Other healthcare provider (assumed to be physiotherapist)	Visit		€10.40 per visit	€12.80 per visit
Concomittant medication [#] [6]	Inhaled corticosteroids (R03BA)		€0.59/day	€0.69/day
	Short-acting anticholinergic (R03BB)		€1.07/day	€1.48/day
	Short-acting β -agonist (R03AC)		€0.43/day	€0.50/day
	Methylxanthine (R03DA)		€0.23/day	€0.27/day
	Mucolytics (R05CB)		€0.40/day	€0.47/day
	Antibiotics (J01)		€1.63/day	€1.98/day
	Systemic corticosteroids (oral) (H02AB)		€0.30/day	€0.35/day
Travel costs [7]		Costs per kilometer (km)	-	€0.20
Productivity costs [8]	Males	Full-time	-	€21.99
		Part-time	-	€6.78
	Females	Full-time	-	€7.73
		Part-time	-	€6.19

* Costs from the societal perspective were calculated as the costs from the SHI perspective plus potential patients' co-payments, except for medication. The societal costs of medications were based on the list price in 2010, while medication costs from the SHI perspective were calculated as the list price minus mandatory discounts to the SHI and pharmacies and the patients' co-payments. Costs paid by the patients or their families consisted of costs of patients' co-payments for hospitalizations, ambulance transportation, visits to health care providers, medication, and costs of travelling

Unit costs are weighted average unit costs within the specific ATC subgroup using the number of DDDs as a weight
